Information system

Contains all information related to health care services

Multidisciplinary team

This group includes representatives from:

- surgery
- radiology
- internal medicine
- oncology
- pharmacists

Carmen's Experience

Carmen is referred to a patient support group. These groups have close working relationships with the hospital.

If Carmen needs surgery, it could be performed by surgeons trained using the simulation suites in hospital.

Carmen's Experience

If the Carmen needs chemotherapy there are a range of options – day and weekly hospitals and hospital at home

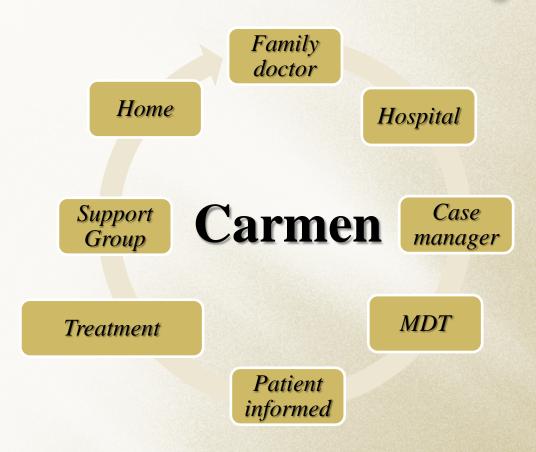

Patient safety

Error occured as Carmen was given wrong medication

Overview of Carmen's journey

Carmen like Real Madrid is a CHAMPION
